

Rhode Island Airport Corporation

The Vision:

The Rhode Island Airport Corporation

- Safe, convenient aviation gateways for New England.

The Mission:

The Rhode Island Airport Corporation is a self-sustaining public agency that provides quality facilities:

- For safe, secure, efficient and convenient air transportation for Rhode Island and the New England region; and
- By developing, promoting and managing the airport system to stimulate the region's economic growth; and
- By fostering a corporate culture that balances fiscal, civic and environmental stewardship.

Corporate Goals:

RIAC Goal Number 1: Infrastructure

Infrastructure – Provide safe, secure, and convenient transportation facilities for current and anticipated customer needs that optimize the use of new technology and promote environmental stewardship.

RIAC Goal Number 2: Economic Development

Stimulate the economic development of Rhode Island and the New England region by providing and promoting high-quality, cost-effective transportation services and facilities.

RIAC Goal Number 3: Finance

Enhance RIAC's financial strength and capacity to enable RIAC to maintain its financial stability and achieve its mission.

RIAC Goal Number 4: Customer Service

Provide a customer friendly transportation experience that meets or exceeds expectations.

RIAC Goal Number 5: Communication

Establish channels and tools for internal and external communication to build positive working relationships.

RIAC Goal Number 6: Organization

Promote employee excellence, equal opportunity, teamwork and the highest levels of professional conduct, recognizing that a positive work environment and culture will facilitate RIAC's ability to achieve its mission.
